It is an an early to the charter. The amendant to the charter. The amendant to the charter. The amendant privileges included a position in the mechanical department of the union Pacific there. Nelson claims that the agent informed him that the strike troubles between the company and its employes had been settled, but upon arriving there he found the strike still on.

He said that there were men there who had been induced to go to Evanston just as he had been by the aid of the leave or get work except as scabs. He says there is no plant, and are confident of winning, as the rolling and other privileges incidental stary to such a service.

Been suggested that the early such as the old machinists are holding out and are confident of winning, as the rolling stock of the company is sadly in need of repairs. He says there is no prospect of the company getting machinists enough to do the work unless the old hands are taken on again.

We wild Colonie the School and the great gathering of educators listened to the speaker that the strike troubles between the company and its employes had been settled, but upon arriving there he found the strike still on.

nolders at this time is the matter of he legal complications which have ied up the Rio Grande plans for a new lepot. And the Rio Grande officials ive stated repeatedly that there will on shops until the depot question is sposed of. Mr. Gould made this Decision in Sheep Grazing Case by stement, and it has been reiterated

superintendent of the Wyoming division will be the man.

The Denver Times states that it is a Harriman plan to appoint eastern men and they have decided, upon what they are pleased to designate as "the best of authority," that Mr. Paithorn of the Alton is the man. The Alton is a Harriman interest and Faithorn is the man who it was supposed would succeed President Felton at the time President Felton was expected to succeed President Burt. It is stated that the man who succeeds Mr. Dickinson will also have the title of second vice president. The title of first vice president of the road is held by Judge William D. Cornish of New York, who is also vice president of the Oregon Short Line.

Mr. Cernish could not be reason but

Attorney Kel-ly said he did not know how much truth the did not know how much said he did not know how much uith there is in the report that Mr. ickinson has resigned. He has just furned from a fishing trip and did not arn of the report until his return from the mountains.

It. Dickinson, who has returned in the Black Hills, was interviewed in his return to Omaha, but would say yes or no when asked if it the true that he had handed in his smatten as manager of the Union tife. This is taken as a confirmation of the original report in spite of denial of the rumor by President It. It is held that if there were truth in the story, it would have no promptly denied.

officials are firm in the belief. if the change occurs the position be offered to E. E. Calvin, and they speculating as to his successor in event of such a move. Two men already been selected. They are have already been selected. They are Joseph H. Young, superintendent of the Rio Grande, and J. F. Dunn, superintendent of motive power and machinery of the Oregon Short Line. Should a Short Line man have a chance to succeed Mr. Calvin, it is probable that a man from the same road would succeed Mr. Dunn and this man is said to be Master Mechanic W. J. Tollerton. It has also been intimated that an eastern man might fill the vacant place should one occur in the Short Line office.

INDIAN JIM WAS DRUNK.

Fire Water Has Bad Effect on Indian From Skull Valley.

Eighteen violators of city ordinances appeared before Judge Tanner in the city court yesterday afternoon. The majority of the cases were those who had drunk not wisely but too well, and had drunk not wisely but too well, and they were a very repentant crew. His honor was in a good humor, and to those who had erred on Saturday, had not been up before and would not come up again, mercy was extended full and free, and they were told to go without complying with the formality of making a cash payment. To those who fell from grace on Sunday the quality of mercy was strained in the sum of \$5.

It is the duty of the head of very household to provide against the health perils peculiar to summer. Promptness in the treatment of these maladies would often brevent serious illness, perhaps death.—MUNYON.

Munyon's Homoepathic Home Remedies are the surest safeguards against disease. If they are not in the house they should be bought and kept on hand. In case of sudden development of the symptoms of any trouble the proper cure for that trouble should immediately be obtained at the druggist's.

For indigestion and dyspensia take Munyon's Dyspepsia Cure. For head ache from heat, or caused by nervousness or prostration, take Munyon's Headache Cure—it will cure in three minutes. For biliousness, jaundice and liver troubles Munyon's Liver Cure affords quick and forman at relief. For disorders of the blood, and eruptions that are chiefly annoying in summer, take Munyon's Blood Cure. Munyon's Rheumatism Cere is felt usually in one to three hours and in a few days cures entirely.

Munyon's Pile Ointment speedily and positively cures all forms of piles and is especially efficacious in alleviating the pain intensified during hot weather. If you are subject to colks, cramps and diarrhoea always be fortified with Munyon's D. D. and C. cure. Munyon's Constipation Cure has relieved thous ands of the most obstinate cases where everything else has failed.

DON'T GET IN A SWEAT

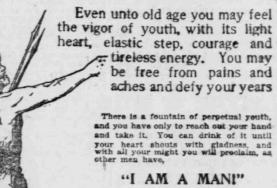

Perspiration-"sweat" is what the Bible and we common people call it—is a way nature has of driving out of the body refuse that has no business there. We sweat more in summer, because, in the overheated bowels, undigested food ferments more quickly than in winter and produces irritating acids and gases. The bowels, overworked, try to relieve themselves by violent convulsions, causing terrible gripes and colics, and diarrhoeal discharges so acid as to make you sore, and leaving the intestines weak and worn out. Nature assists body-cleaning by sending the filth out through the pores of the skin. It is not safe to stop perspiring altogether but most of the impure matter should be sent out by natural movements of the bowels, and the offensive, ill-smelling, linen-staining sweat done away with. Keep your bowels strong all summer with the pleasant, candy cathartic CASCARETS, that clean the system and don't allow the excrement to be sweated out through the pores. Take a tablet every night, before going to bed. They work while you sleep and make you feel fine and cool all day. Best for the Bowels. All druggists, 10c, 25c, 5oc. Never sold in bulk. The genuine tablet stamped C. C. C. Guaranteed to cure or your money back. Sample and booklet free. Address Sterling Remedy Co., Chicago or New York.

The Style's the Thing That Counts

The smallest duty of clothes is perhaps to keep man warm—for half the year they keep him too warm, and any kind of clothes would fill the deman of necessity. But "the apparel oft proclaims the man," and, therefore, mankind seeks clothes that will tell a desirable story. The style, fit and finish of our suits, overcoats, etc., convey the impression every gentleman desires to make.

Our Motto: "NOT THE CHEAP-EST, BUT THE BEST."
